Annex A to the Cash Pooling Agreement
ORG Cash Pooling/Zero Balancing ORG Pool Accounts

The cash pooling of the Master Account and the ORG Pool Accounts will be performed in the form of a zero balancing as follows:

1. As of each day except Saturday and Sunday on which banks in LOC are open for general business (LOC **Business Day**) ORG shall,
 - a) transfer to the Master Account from each of the ORG Pool Accounts showing a day end credit balance an amount equivalent to such credit balance, and
 - b) transfer from the Master Account to each of the ORG Pool Accounts showing a day-end debit balance an amount equivalent to such debit balance, PROVIDED that such transfer from the Master Account shall be effected only under the condition and to the extent that sufficient funds are available on the Master Account, taking into account a possible overdraft facility agreed with the Master Account Holder. In case no sufficient funds are available to cover all debit balances on the Pool Accounts on any day, ORG shall be entitled to suspend the cash pooling services and will promptly consult with the Master Account Holder on how to remedy the situation. If no solution acceptable to ORG can be agreed within a reasonable time period, ORG shall be entitled to terminate the cash pooling services pursuant to Clause 8 of this Agreement, and the Master Account Holder undertakes to fully cover any debit balance then outstanding on the Master Account and/or any Pool Account and to reimburse ORG for any incurred losses.
2. The ORG Cash Pooling shall be performed on the same LOC Business Day or not later than in the morning of the following LOC Business Day, but always taking into account the correct value dates of each debit and credit balance on each ORG Pool Account.
3. It is agreed that ORG is obliged vis-à-vis the Master Account Holder and the ORG Pool Account Holders a) to transfer to the Master Account from each ORG Pool Account any amount transferred or credited to such ORG Pool Account immediately after such transfer or credit occurs (but in any event not later than in the morning of the next LOC Business Day), and b) to transfer from the Master Account any amount transferred or credited to the Master Account to any ORG Pool Account(s) on which there is a debit balance, up to the amount of such debit balance and immediately after the occurrence of such debit balance, but in any event not later than in the morning of the next LOC Business Day. ORG is further obliged to permit disposals of the Master Account Holder over any credit balance on the Master Account only to the extent that such credit balance is not required for the zero balancing of debit balances on the ORG Pool Accounts, and to permit disposals by any Pool Account Holder over any credit balance on its ORG Pool Account(s) only to the extent that such credit balance is not required for the zero balancing of debit balances on the Master Account and/or other ORG Pool Accounts.
4. It is furthermore agreed that any credit balances existing at any time on the Master Account shall be held in trust by the Master Account Holder acting as trustee (Treuhänder) for the benefit of the Pool Account Holders (Treugeber) up to the aggregate amount of the debit balances on the relevant Pool Accounts and until the cash pooling/zero balancing shall have been performed pursuant to Clause 1. hereof. While acting as trustee hereunder, the Master Account Holder shall hold the relevant amount on the Master Account in its own name but on behalf, in the interest and for the benefit of the respective Pool Account Holders and such Pool Account Holders shall be the beneficial co-owners of such amount.
5. The Master Account Holder acknowledges and agrees in respect of ORG Cash Pooling that, unless an **intraday limit** is agreed in respect of any ORG Pool Account as set out in Annex 1, **ORG** cash pooling system will automatically at any time allow disposals on any ORG Pool Account up to the aggregate amount of the funds then available on the Master Account and all relevant Pool Accounts PLUS the

maximum amount of any overdraft facility which may be in place on the Master Account, and that it is therefore the responsibility of the Master Account Holder to agree and control appropriate limits to be respected by the **ORG** Pool Account Holders in their disposals over their **ORG** Pool Accounts.

1. This Consent Letter will become effective not earlier than 10 **LOC** Business Days (meaning any day except Saturday and Sunday on which banks in **LOC** are open for general business) after the receipt by **ORG** of this Consent Letter and simultaneously not earlier than 10 Local Business Days (as defined in this Consent Letter) after the receipt by **ORG** of this Consent Letter and PROVIDED that the cooperation agreement between **ORG** and the **ORG** is in place.
2. We hereby agree that **ORG** and **ORG** will perform the following CBZB services in the form of a zero balancing in respect of our CB Pool Accounts and the account of **Mother** with **ORG** account IBAN **IBAN Mother** (hereinafter referred to as the "**Master Account**"):
 - a) On each day except Saturday and Sunday on which the **ORG** is open for general business ("**Local Business Day**") the **ORG** will perform a local zero balancing involving the CB Pool Account(s) maintained by it and the Master Nostro Account as set out below in compliance with the value dating procedure applied by the **ORG** subject to its internal rules and technical possibilities.
 - Any credit balance on the CB Pool Account(s) will be transferred to the Master Nostro Account, and
 - In case of any debit balance on the CB Pool Account(s), the relevant amount will be debited to the Master Nostro Account and transferred to the CB Pool Account, subject HOWEVER to the conditions set out in Clause 3:
 - b) On each Local Business Day the **ORG** will send to **ORG** SWIFT messages MT940 in respect of the CB Account(s) and the Master Nostro Account to be received by **ORG** not later than 7:00 a.m. CET on the next day. 5. We acknowledge, agree and confirm that
- a) the zero balancing of the CB Pool Account and the Master Account can only be performed under the condition of the timely receipt by ORG of the relevant SWIFT messages from the ORG and that any delays in sending such messages may result in the CBZB being performed only on the following LOC Business Day.
- b) we shall not allow any debit balance on any CB Pool Account to exceed the Maximum Amount per day set out above in respect of the relevant CB Pool Account, and we are aware that the zero balancing of the CB Pool Account via the Master Nostro Account will not be (fully) performed on any day when there are not sufficient funds available on the Master Account to cover (the full) debit balance(s) on the CB Pool Account(s) or if the cash pooling agreement with the Master Account Holder has been terminated;
